¹The Office of AIDS Research (OAR) was created in FY 1995 to consolidate NIH-wide AIDS research. OAR funds AIDS research in other institutes. AIDS research is funded in individual institutes for FY 1999 and FY 2000. The FY 2001 request consolidates AIDS research in the OAR account, but the table distributes the funds to the institutes for comparison purposes. Total AIDS R&D is \$1,793 million in FY 1999, \$2,006 million in FY 2000, and \$2,111 million in FY 2001.

NOTES: Because of rounding, components may not add to totals. Percent change is derived from unrounded data.
Excludes non-R&D and R&D facilities components of institute budgets.
